The image is a wireframe of a web application. On the left is a dark brown sidebar with the title 'Theresian Connect' at the top. Below the title are five navigation links: 'Dashboard', 'Admission', 'Accounting', 'Payroll', and 'Reports'. At the bottom of the sidebar is a 'Settings' link. The main content area has a light beige background. At the top of this area is a header with the text 'REGISTRAR' in a small, bold, orange font, followed by 'Assessment Fees' in a large, bold, dark brown font. Below the header, there are three columns. The first column is titled 'Purpose' and contains the text 'Role-scoped Assessment Fees workflow for REGISTRAR.' The second column is titled 'Features' and contains the text 'Search / filters', 'Status badges', and 'Export actions'. The third column is titled 'Workflow' and contains four buttons: 'Open', 'Review', 'Act' (which is highlighted in a darker brown), and 'Export'. Below these columns is a large rectangular area divided into two sections. The left section is empty, and the right section contains the text 'KPIs, filters, table actions, and approval state are presented in the main workspace.' At the bottom of the main content area is a large rectangular box titled 'Operational table' which contains several horizontal lines representing table rows.

The image shows a wireframe of a dashboard application. On the left is a dark brown sidebar with the title 'Theresian Connect' at the top. Below the title are six menu items: 'Dashboard', 'Admission', 'Accounting', 'Payroll', 'Reports', and 'Settings'. The 'Admission' item is highlighted in a lighter brown color. The main content area has a light beige header with the text 'ACCOUNTING Dashboard'. Below the header, the dashboard is divided into several sections. At the top, there are three boxes: 'Purpose' (with a description: 'Role-scoped Dashboard workflow for ACCOUNTING.'), 'Features' (with a list: 'Search / filters', 'Status badges', 'Export actions'), and 'Workflow' (with four buttons: 'Open', 'Review', 'Act', and 'Export', where 'Act' is highlighted). Below these are two large empty rectangular boxes. At the bottom, there is a large box titled 'Operational table' containing a table with 5 columns and 5 rows of placeholder lines.

Workflow

primary structure view data -> complete action -> approve or export.

Student Ledger

The image is a wireframe of a web application. On the left is a dark brown sidebar with the title 'Theresian Connect' at the top. Below the title are six navigation links: 'Dashboard', 'Admission', 'Accounting', 'Payroll', 'Reports', and 'Settings'. The 'Admission' link is highlighted in a lighter brown color. The main content area has a light beige background. At the top of this area is a header with the text 'ACCOUNTING' in a small, bold, brown font, followed by 'Student Ledger' in a large, bold, dark brown font. Below the header, there are three columns. The first column is titled 'Purpose' and contains the text 'Role-scoped Student Ledger workflow for ACCOUNTING.' The second column is titled 'Features' and contains the text 'Search / filters', 'Status badges', and 'Export actions'. The third column is titled 'Workflow' and contains four buttons: 'Open', 'Review', 'Act', and 'Export'. The 'Act' button is highlighted in a darker brown color. Below these three columns is a large, empty rectangular box. Below this box is a smaller rectangular box containing the text 'KPIs, filters, table actions, and approval state are presented in the main workspace.' At the bottom of the main content area is a section titled 'Operational table' which contains a table with five rows and two columns. The first row is a header row, and the remaining four rows are data rows. The table is outlined in a thin brown border.
